

Product Datasheet

Product code: **5.SA.T.0**

Product type: PTFE coated tweezers

Made in: Switzerland

Description: Type 5 high precision tweezers are suitable to delicate applications which require holding a small component firmly while granting good visibility. The PTFE (a material equivalent to Teflon®) coating provides the tweezers with chemical resistance properties suitable to acid and basic environments and for the cryogenic industry. The PTFE coating is used where low friction is required.

Tip description: straight, very fine, sharp, superior finish

Coating/finishing: PTFE (T)

Body material: Anti-Magnetic Anti-Acid Stainless Steel (SA)
